EDUCATION

Certificate

UCLA Extension
Full Stack Development | 2020

BA

University of Michigan
Ann Arbor, MI | 2006

WHY

I fell in love with tech during my previous career as a recruiter. The chance to solve interesting problems and learn on a daily basis attracted me to the field. I dove into a bootcamp program and strive to be better each day. I'm eager to learn from a team of more experienced devs!

INTERESTS

Painting, cooking, camping.

PROFILE

Tenacious problem- solver with a growing understanding of JavaScript. Thrives in a team oriented environment, where I can lend my curiosity and investigative nature to the group.

EXPERIENCE

TEACHING ASSISTANT, FULL STACK DEVELOPMENT

UCLA EXTENSION | VIRTUAL | 2020 - PRESENT

Empathetic instructional support for students learning complex concepts using the MERN stack in an extremely fast-paced environment.
- Assists Head Instructor with student support through activities and assignments.
- Leads small groups of students through activities in class and during office hours.
- Builds trust and confidence through demonstration and active listening.

DEVELOPER

HACK FOR LA | 2021 - PRESENT

Part of an agile team of developers working on a project called the 'Civic Tech Index', a searchable guide for all civic tech projects. This project is a partnership with Code for America and Yale OpenLab.
- Building React Components.
- Collaborating with a team on a complex application.

FULL STACK FREELANCE DEVELOPER

SELF EMPLOYED | LOS ANGELES, CA | 2020-PRESENT

Mobile-first, pixel perfect Engineer focused on client satisfaction and user experience.
- Works with clients to understand their needs while advocating for the user.
- Recently deployed React SPA website, a revamped portfolio page for a print design client: www.sombergdesign.com

PREVIOUS CAREER NOTE: Engineering is my 2nd career. I previously worked in recruiting for 10 years, where I fell in love with tech. I honed my professional soft skills during those years. This info is on my Linkedin:
